JEWISH HOSPITAL ASSOCIATION.

The tenth annual meeting of the Jewish Hospital Association was held at the Handel and Haydn Hall, on Sunday, January 11th, 1875, at 10 o'clock, A. M., Mr. Abm. S. Wolf, President, in the chair.

About one hundred and twenty-five members were present. The minutes of the last annual meeting, held January 11th, 1874, and of the special meeting, held February 19th, 1874, were read and approved.

The Chair appointed Mr. A. Mailert, judge, and Messrs. Aaron Katz and Herman Wolf, tellers, to conduct the election for officers to serve for the ensuing year, and declared the polls open until 11.30 A. M.

Mr. Henry Ezekiel nominated, for President, Abraham S. Wolf; Vice-President, Abraham Goldsmith; Treasurer, William B. Hackenburg; Secretary, Joseph L. Berg; Corresponding Secretary, Simon Pfaelzer; Director, (for the unexpired term of Mr. S. W. Arnold,) Mayer Sulzberger; Directors to serve for three years, Jules A. Ephraim, Alfred T. Jones, Abraham Sulzberger and Herman S. Friedman.

Mr. L. Lederer nominated for Director, Isaac Saller, but Mr. Saller declined the nomination.

The joint annual report of the President and Executive Committee was read, giving a full and detailed statement of the operations of the Association during the year 1874.

The Treasurer, Mr. Wm. B. Hackenburg, presented his annual report.

The Secretary read the annual reports of the Resident Physician and Superintendent.

(The reports are all herewith appended.)

On motion of Stephen S. Remak, Esq., it was ordered that these reports be accepted, and printed for distribution among the members.

The amendments to the by-laws, offered at the meeting held February 19th, 1874, which were to be considered at this meeting, were now presented for action.

The first amendment was laid on the table and the second and third amendments were, after some debate, lost.

The tellers of the election reported the following gentlemen elected: President, Abraham S. Wolf; Vice-President, Abraham Goldsmith; Treasurer, William B. Hackenburg; Secretary, Joseph L. Berg; Corresponding Secretary, Simon Pfaelzer; Director, (for unexpired term of S. W. Arnold,) Mayer Sulzberger; Directors for three years, Jules A. Ephraim, Alfred T. Jones, Abraham Sulzberger and Herman S. Friedman.

The following amendment to the constitution was proposed:

ARTICLE XI.

DISPENSARY.

Section I. This Association shall have power to establish a dispensary for the purpose of affording gratuitous medical advice, surgical aid, medicines and such other means as may

tend to the prevention of disease and restoration of health, for the benefit of the poor, without distinction of creed, color or nationality.

Section II. Separate donations, legacies or gifts of any kind for the dispensary may be received by this Association, and the same or the income thereof applied for the support of the same.

Which, in accordance with the constitution, was laid over for action at a special meeting, to be called for that purpose.

On motion adjourned.

JOSEPH L. BERG,
Secretary.

TENTH ANNUAL REPORT.

To the members of the Jewish Hospital Association,

At the date of the last annual report our new buildings had been occupied less than four months, and while we then thought that they were adapted for the purposes for which they were designed, we are now enabled to say, after an additional experience of twelve months, that our opinion then expressed was correct. The buildings are well ventilated and the heating arrangements are successful, two items which have required considerable observation to ascertain. This opinion is shared by physicians and others who have visited our Hospital, notably by Doctor Luther and Francis Wells, Esq., who examined the premises on behalf of our State Board of Public Charities.

During the last year some additions had to be made to the arrangements on our grounds. This was not in consequence of any defects in the original plans, but because our limited means induced us then to leave undone some things that were not immediately required. The fencing on Olney Road (about 1000 feet) was decayed, and in order to put in its place a proper substitute, it was necessary to make an embankment 400 feet in length along a considerable portion of the front, and to sod it so as to prevent its washing away.

This was done early in the spring, and a new pale fence was erected thereon and white-washed along the whole Olney Road front, thus distinguishing our grounds from those of our neighbors. The large grape arbor, between 200 and 300 feet long,

had fallen down and it became necessary to renew it. The walk, from the eastern boundary of our property to the North Pennsylvania Railroad, was an ordinary dirt-walk, which in some seasons of the year and in rainy weather became impracticable. An endeavor was made to induce the owners of the land on which this piece of walk (1263 feet long) fronts, to undertake the necessary improvement at their own expense; but they deeming, perhaps justly, that the present advantage of such a change would accrue entirely to the Hospital, declined to accede to our request, in consequence of which we made a contract to lay a bed of six inches of broken stone under a strip of this walk, four feet in width, and to cover this bed with slag so as to make a good, dry, hard walk at all times. This was also finished last spring and the work is satisfactory.

A number of young trees were planted along the whole front of the property, by which the walk from the building to the railroad station will in a short time be completely shaded.

The water main which was on the property when we purchased it, designed to carry the Schuylkill water from the street into the house, was discovered to be inadequate, and it became necessary to substitute a larger one, which was done in May last. The arrangements for extinguishing fires had been confined to the use of hose attached to nozzles on each floor. It was feared that in the event of fire, the necessary adjustments could not be made with sufficient speed, and we therefore purchased a Babcock Fire-Extinguisher, which is portable and readily brought into use. Ladders were also purchased for use as fire escapes, if necessary.

After a trial of about a year our drainage was found to be imperfect; the neighbors and others complained of its inefficiency, and to remove this we had a large well dug at the distance of about 400 feet from the old wells, and having about ten times the capacity of the latter, into which the old wells are drained by means of terra cotta pipe connecting them. This has just been completed, and it is hoped will prove entirely sufficient for the purpose.

During the year our burial lots in Mt. Sinai Cemetery have been substantially enclosed, and each grave, both in this and the West Philadelphia Cemetery, has been marked with a permanent marble head-stone.

Wire screens for all the windows in the Hospital were procured, which during the summer season were found to be a great comfort to the sick.

Additional storage-rooms, closets and other conveniences, both in and outside the building, were found necessary and were erected in suitable places; the roof of the old house was repaired, the grounds were improved and beautified, benches were put up under shade trees and other improvements made to enhance the comfort of the inmates. All these matters may appear small, but they have cost the Association during the year about two thousand dollars. There are still some important improvements required, such as an ice house, stables, barn and other outbuildings, but the state of our treasury admonishes us that these desirable alterations to the appearance and convenience of our property will have to be deferred until a more opportune season. The farm and garden have produced nearly all the fruits, vegetables, milk, butter, eggs and poultry used in the Hospital. The hot-house has been put in order and is filled with flowers and plants of great beauty.

At the beginning of our last year an amendment to the constitution was adopted, whereby there were created Patrons paying twenty-five dollars per annum, and to the by-laws, whereby the method of government was changed by the formation of an Executive Committee and an Admission Committee. Up to this time sixty-nine Patrons have been secured and there is every ground for believing that during the next year the number will be increased to two hundred.

The changed method of government is believed to be beneficial. By bringing every applicant for admission to the attention of the same committee, more care is exercised in seeing that applicants have proper certificates, and some imposition is prevented. The Committee on Home, whose organization has

remained substantially the same, considers every application for admission into that branch of our Institution, and ascertains and reports to the Board the most minute particulars of the circumstances of applicants. By its care and discrimination we have been protected against any improper use of that portion of our Charity. The Ladies' Committee, by their personal attention to the wants of the female inmates, have materially decreased the labors of the Board and added to the comforts of our pensioners. The various visiting committees have watched over the comfort of the patients. The Executive Committee has met at the Hospital twice in every month, thus enabling it to give an amount of personal attention to the affairs of the Institution which would have been impossible had it met away from the Hospital, as is the habit of the Board for some months of each year. It is believed that greater efficiency has been secured and many causes of complaint earlier removed or entirely obviated, and that on the whole the property of the Association has been better cared for and the wants of the Institution more thoroughly studied.

At a meeting of the Board in February last, a committee of young gentlemen, not members of the Board, consisting of Messrs. Herman S. Friedman, chairman, Herman Wolf, secretary, and Messrs. Henry M. Frank, Morris Pfaelzer, Lee Sternberger, Sol. Miller, Henry Kohn, N. Anathan, I. B. Langstadter, Mayer Arnold, D. Sulzberger, Julius S. Daniels, C. M. Langfeld, M. H. Wiener, D. S. Cohen, Hart E. Berg, Henry Ezekiel, Z. Frankel and A. Schlessinger, were appointed to procure additional members for the Association. At the time of their appointment, it was supposed that by diligence they might procure about one hundred and fifty new members. It is gratifying to report that up to this time they have added to our list nearly three hundred names and that they believe that they can procure more.

During the last year the receipts from legacies, as will appear from the Treasurer's report, have exceeded those of any previous year. In connection with this matter it is only proper

to report that Mr. Lewis Cooper, a gentleman of wealth and prominence, who died in this city last February, bequeathed to this Association one twenty-first portion of the net income of his very large residuary estate.

Unfortunately the will was not duly attested by witnesses, as is required in cases of charitable bequests by the laws of the Commonwealth, and hence we were not entitled to claim this valuable legacy.

What we have denominated the legacy of Jesse George, Esq., is in reality a portion of a fund left by that eminent citizen to his executors to be distributed for such charitable uses as they might deem proper. These gentlemen, Messrs. John M. and Joseph W. George, Samuel Mason and Samuel M. Bines, kindly selected our Institution as one of the recipients.

The legacy of St. George Tucker Campbell, Esq., was void according to law, because the codicil whereby it was given had been executed only a few days before his death. The family of Mr. Campbell so far from taking any advantage of their plain legal rights in the premises, at once handed over to us the whole amount without deducting the collateral inheritance tax.

The heirs of Mr. William Stevenson, (another of our benefactors): Miss Mary Hockley, Mrs. Harriet Hockley Welsh, Miss Annie E. Hockley, Mrs. Mary C. DuBois, Miss Anna P. Stevenson, Thomas Hockley, Esq., and John Hockley, Jr., Esq., donated to us on their own account, the collateral inheritance tax on his legacy.

The executors of Mr. Jacob S. Bamberger, Mrs. Fanny Bamberger and Mr. Morris Stern, paid over to us his legacy without any deduction for taxes.

The amount obtained from the estate of the Rev. Isaac Leiser, upon the final settlement thereof, was procured as a consideration for a contingent interest, given us by his will, which contingency had not happened.

In view of the necessity of keeping a proper and accurate record of the legacies received since the foundation of the Institution, the Board has procured an elegant book called the

"Legacy Book," to a page of which each testator is entitled; such a page contains a photograph of the deededent, his or her name in prominent characters, a short biography and a literal transcript of that clause of the will whereby the legacy is given.

The assistance received by the Association from other sources has been prompt and liberal as usual. The generous managers of the Hebrew Charity Ball Society have again evinced their kind feelings for our Institution by increasing our share of the proceeds of their ball to thirty-five per cent. instead of thirty per cent., as heretofore, thus increasing our receipts from that source alone by more than eight hundred dollars over the previous year. The Hebrew Endowment Association, the Montefiore Social, and Judah Lodge, No. 8, Imp. O. F. S. I., gave us liberal donations. Some of the lady friends of our Institution, believing that any addition to its natural beauties would be morally and physically advantageous to the inmates of the Home especially, procured a fountain and asked permission to have it placed on the lawn in the rear of the female department of the Home. Leave was granted and it is now there, and admitted to be an attractive improvement.

Mr. Henry Guiterman, of Port Carbon, Pa., has given us a handsome donation of coal. A gentleman, not a resident of this city, and who did not desire his name to be published, while sojourning in Italy some years since, purchased an elegant painting representing "Job and his Comforters," for the purpose of giving it to us. In September last he carried out his design, and it has been placed on the east side of the main entrance. A handsome crayon portrait of the Rev. Isaac Leeser was also presented and has been placed in the Directors' room. A large book-case for the medical library, some handsome engravings and paintings, books, furniture, dry goods, clothing, liquors, a cow, a horse, flowers, seeds, an aquarium and a variety of valuable and useful articles have been presented during the year, as will be seen by reference to the lists thereof hereto appended.

The North Pennsylvania Railroad Company has arranged special trains for our accommodation, has carried all freight

for us, including coal used in the Hospital, free of charge, and its President, Franklin A. Comly, Esq., has given us yearly tickets for our Superintendent and our Steward.

The Lehigh Valley and the Reading Railroad Companies have carried free of charge such freight, principally coal, as we have received over their lines.

The public at large have not in any respect abated their lively interest in our prosperity ; general donations have been as frequent and as large as heretofore, while in addition thereto we have received subscriptions in the Golden Book of Life amounting to \$1,411.50.

We have suffered a great loss in the death of Miss Mary D. Brown, one of the earliest and steadiest friends of our Institution. Ever since its organization we have received liberal gifts from her yearly, which we have feebly commemorated by naming one of the small private wards after her.

It has been deemed advisable to commence the formation of a medical library for the use of the medical staff. A sufficient sum has been expended to purchase such books as were immediately necessary. It is hoped that this may be so expanded as to become ultimately a valuable feature of our Institution.

One of the most desirable aids to the poor of any neighborhood is a dispensary, where those not sick enough to require hospital treatment may be attended, and furnished with medicines free of charge. Our charter does not contemplate this as a separate branch, but we have been compelled by necessity, from time to time to afford such relief in that direction as was in our power. Our present location is among a considerable population who require such assistance, which we cannot extend properly unless we make sufficient arrangements for it. With this view we recommend such an amendment of our charter as will give us the necessary powers, and as a new building for the purpose will be required, and as the persons to be relieved do not belong to our faith, we would advise an application to the Legislature to bear at least a part of the expense to be so incurred.

Our Hospital has been such a popular place of resort, that it has been the habit of some to go out in parties, bringing their food with them, to spend the day there, very much in the manner of pic-nic parties. While it is pleasant to contemplate that the place is sufficiently attractive to invite such visits, the Board have deemed it expedient to prohibit them in future, for fear that they might interfere with the health or comfort of the inmates.

Out of a generous disposition to assist our Association, a habit has also grown up among certain associations, to give entertainments, part of the proceeds of which were to be applied for our benefit, and while we are grateful for this kindly feeling, the Board have declined to permit the name of our Institution to be used for any such purpose hereafter, without their express consent, with the one exception of the Hebrew Charity Ball Society; they deeming it the wisest policy to appeal directly for support.

One of the peculiar uses of our Home has been latterly exemplified in a remarkable case. An estimable resident of our city of great age, and his equally aged wife, being too infirm to labor, having no means of support and being abandoned by their children, who are well-to-do in the world, applied for admission. The Board gave the subject careful, even painful attention during several months. The children were communicated with, and it was finally established to the satisfaction of the Board, that if these venerable persons were not admitted into our Home, they would be compelled to resort to the public almshouse. When this became apparent, the Board unhesitatingly admitted them, and declined the offer of one of the children, to pay fifty dollars per year for the support of both his parents. The Board felt that if so monstrous a proposition were accepted, it would be demoralizing to the community, by encouraging worthless children to transfer the duty of taking care of their aged parents to the public, and then paltering with their consciences by paying a nominal sum for their support.

In the month of October, 1874, Mr. Simon W. Arnold resigned from his membership of the Board, in consequence of his removal to the City of New York. Mr. Arnold served this Association with great industry and ability; he was a member of the Building Committee, and to his efforts much of the success that has attended the administration of our affairs during the past three years is unquestionably due. Resolutions embodying the sentiments of the Board were unanimously passed, suitably engrossed and delivered to him.

The Medical Staff, resident and attending, have faithfully and successfully performed their duties. They are as follows: Resident Physician, Dr. A. Feldstein; Assistant Physician, Dr. J. S. Simsohn; Attending Surgeons, Dr. R. J. Levis and Dr. Thomas G. Morton; Attending Physicians, Dr. W. B. Smith, Dr. D. Davidson, Dr. J. C. Hall, and Dr. Evans.

The Superintendent, Dr. Feldstein, has adopted an efficient system for the government of the Home, Hospital and property; and the Steward with the other officers and assistants have aided him so zealously that the internal administration has been entirely satisfactory.

At the date of the last report there were two vacancies in the Ladies' Visiting Committee. Subsequently the terms of Mrs. Joseph Einstein and Mrs. Celia Mayer expired; Mrs. Mayer declined a re-election, and the Board at its meeting in May last, re-elected Mrs. Joseph Einstein, and elected M^{mes} Levi Mayer, B. H. Feustmann and Charles Kaufman to fill the vacancies.

Since the last report, the telegraph connecting the Hospital with the Central Police Station at Fifth and Chestnut Streets, and the Episcopal Hospital on Lehigh Avenue, has been completed, and has been of much service in sending for the friends of sick or dying inmates, and for the various professional and business purposes of the Hospital.

From the report of the Resident Physician and Superintendent accompanying this, the number of inmates of the Home and Hospital will appear. The objection has been frequently made that this number is small as compared with other hos-

pitals, and the inference has been hastily drawn that we do not accomplish enough for the means expended. Our apparent inferiority arises from the difference between our Institution and others. While a mere hospital treats accidents and other acute disorders, it sedulously avoids chronic cases likely to consume much time in their relief. The consequence of this is, that the number of patients staying for a few days or even a few hours in such an institution, is comparatively large. While with us the inmates of the Home remain during their lives, and the patients during comparatively long periods, in consequence of our rural neighborhood, where not so many accidents occur. This may detract from the value of our Institution as a promoter of scientific observations, but adds immensely to the good it is enabled to do in the community. From this feature arises the consequence, that our large numbers, instead of representing patients, express the days during which our inmates stay with us, and it will be found upon comparing the aggregate amount of support furnished by our Institution with that furnished by others, that the comparison will not be unfavorable to us.

Religious services have been held in the Synagogue in the building on every Friday evening and Sabbath morning and on all the Holy days. During the Succoth festival a *Succah* was erected on the grounds. Rev. M. Cohen officiates with great acceptability, and on the Holy days he was ably assisted by Rev. L. Sanger.

The times have not been favorable for the sale of real estate at satisfactory prices, and hence we have not disposed of our West Philadelphia property. It is now occupied in part by the City of Philadelphia as a school-house, and in part as a private residence at an annual rental of seven hundred and fifty dollars.

From the Treasurer's report, it appears that the receipts during the year, from various sources, were \$33,288.03. Of this amount, \$13,893.26 were derived from a mortgage on our property and from the payment of subscriptions overdue from previous years. This left a net income for the year of \$19,394.77, of which amount \$5,700 were obtained from legacies, leaving the income from ordinary sources, \$13,694.77.

The gross expenditures during the same period were \$30,047.03, of which the sum of \$16,747.76, were applied to the payment of overdue loans, the amount due the Treasurer, and to the contractors for the buildings and furniture, and for other extraordinary expenses, leaving the net expenses \$13,299.32. From the estimate, hereinafter given, it will be seen that we anticipate a small increase in the items, both of receipts and expenditures, during the coming year. At the date of the last report there was due, on account of the building and furniture, temporary loan, etc., about \$14,000. This has been paid off by the proceeds of the mortgage given on the new building, and a part of the amounts derived from legacies. The whole debt of the Association is \$20,000, being a mortgage of \$10,000 on the West Philadelphia property, and one of \$10,000 on the new building; \$2,500 have been set apart by the Board for the Sinking Fund.

From the report of the Superintendent we find that 4,660 days' support has been given to inmates of the Home, and 5,398 days' to patients, making a total of 10,058 days' support. The entire cost of maintenance of the Institution was about \$11,000, making the expense of maintaining an inmate for one day a fraction over a dollar.

The following is a comparative statement of the receipts from several important sources, during the years 1873 and 1874:

	1873.	1874.	Increase.	Decrease.
Board,	\$1,212 00	\$1,207 50		\$4 50
Legacies,	2,500 00	5,700 00	3,200 00
